

ED FLETCHER CO.

REAL ESTATE INVESTMENTS

1548 D STREET

SAN DIEGO, CALIFORNIA. July 21, 1910

Hon. City Council,

City.

Dear Sirs:-

I understand that you have the authority to remove shacks on private property when said buildings are located as to be a menance. For this reason I write you on ^{the} ~~this~~ subject of a certain barn, located directly South of the South approach of the Old Town Bridge across the San Diego River. The barn is either built on the property line; or on the street and there is an angle of ninety degrees to turn in going from old town. A bad accident will certainly happen and it is only a question of time, if the building is not removed soon. You are all familiar with the situation and I believe it is only fair to the Citizens of San Diego that you cause to have the barn removed to some other portion of the property.

Yours very truly,

CD

A handwritten signature in cursive script, appearing to read "Ed Fletcher". The signature is written in dark ink and has a long, sweeping tail that extends downwards and to the right.
