

San Diego, California, May 16th, 1930.

To the Honorable, the Common Council, San Diego, California,

GENTLEMEN:

The undersigned respectfully petition as follows: That immediate steps be taken to remove an obnoxious and unsanitary nuisance maintained by one F. A. Qualls, of #6727-Bach Ave, Encanto, California.

Said F. A. Qualls owns two cows, about fifty young calves, and ten goats; these cattle are driven out to pasture, and frequently damage private property; the calves bawl at night, and keep folks living in the vicinity from sleeping; and the manure in the corrals creates a fly pest which infests the whole neighbourhood.

In addition to this, said F. A. Qualls hauls in cow manure by the truckload, and allows this to stand in the open for weeks and months at a time breeding flies.

These conditions have become intolerable, and although the matter has been complained of to the Board of Health three times or more, no relief has as yet been obtained. We ask your immediate attention, and desire to have this menace to health removed.
